NOTE FOR THE FILE

SUBJECT: J. Sourwine, Chief Counsel, Senate Internal Security  
Subcommittee, re Communist Cadre Inquiry

1. Met with J. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, today and told him we had located the newspaper article on the 20 former Communist cadre members who attended a symposium at the University of South Carolina, but that as he knew the article did not contain the names of the cadre members who attended. I told him our substantive experts were unaware of this symposium and that we would be unable to make any traces unless we had the names of the individuals involved.

2. He thanked us for our efforts and said he would address his question to the visa office. See Journal of 17 September 1969.
